www.messefrankfurt.com

Located at the heart of financial and business centre Frankfurt, the exhibition grounds are among the largest and most modern worldwide with some 372,000 m² of hall area and almost 67,000 m² of free space at their disposal. Thanks to their excellent infrastructure, Frankfurt and the Rhine-Main region have very good international connections and can be reached easily from anywhere in the world.

Guests can travel to the exhibition venue quickly and comfortably by air, rail or road using public transport. The S-Bahn suburban train station "Messe" stops in the centre of the exhibition grounds, the U-Bahn underground train station and the Strassenbahn tram station are located directly at the City Entrance/Festhalle. The Rhine-Main region offers an excellent hotel infrastructure with an estimated 110,000 beds. Visitors and exhibiting companies can choose from a wide range of hotels within walking distance of the exhibition grounds. Mobility-impaired visitors can move about easily: the Via Mobile covered moving walkway is a barrier-free access and connection network that joins together all halls on the exhibition grounds.

With their unique designs, renowned architects such as Helmut Jahn, Oswald M. Ungers and Nicolas Grimshaw gave Messe Frankfurt's exhibition grounds an unmistakable look that dovetails perfectly with Frankfurt's modern cityscape. Messe Frankfurt's guests set great store by the highly functional nature of its halls and conference facilities, which are ideal for hosting a broad cross-section of events. With the Congress Center and Kap Europa, the company operates two congress centres as well.

The Operation & Security Center is the central control room for all security-related matters. First aid station, police, security and all other security partners and service providers are found here under one roof.

Even during pandemic times, events can still be held safely with state-of-the-art air-conditioning technology, careful monitoring and additional safety and hygiene measures.

Information about the most recent protective measures on the Frankfurt exhibition grounds can be found at the following link:

Background information on Messe Frankfurt

The Messe Frankfurt Group is one of the world's leading trade fair, congress and event organisers with their own exhibition grounds. With a workforce of 2,200 people at its headquarters in Frankfurt am Main and in 28 subsidiaries, it organises events around the world. As in the previous year, annual sales for 2021 were significantly lower owing to the COVID-19 pandemic: approximately €154 million compared with Group sales as high as €736 million in pre-pandemic 2019. We serve our customers' business interests efficiently within the framework of our Fairs & Events, Locations and Services business fields. Sustainable business practices are a central pillar in our corporate strategy and strike a healthy balance between ecological and economic interests, social responsibility and diversity. Another of Messe Frankfurt's strengths is its powerful and closely knit global sales network, which covers around 180 countries in all regions of the world. Our comprehensive range of services – both onsite and online – ensures that customers worldwide enjoy consistently high quality and flexibility when planning, organising and running their events. We are using our digital expertise to develop new business models. The wide range of services includes renting exhibition grounds, trade fair construction and marketing, personnel and food services. With its headquarters in Frankfurt am Main, the company is owned by the City of Frankfurt (60 percent) and the State of Hesse (40 percent).
